

RATE SCHEDULE "NGV"

NATURAL GAS VEHICLE SERVICE

AVAILABILITY

This rate schedule is available to any customer operating a motor vehicle that is capable of using compressed natural gas ("CNG") as a fuel if the equipment installed on the vehicle meets industry recognized standards and if the operator is authorized by the Company to fuel a motor vehicle with the CNG as the result of completing the Company's training program or a program determined by the Company, in its sole discretion, to be an equivalent training program.

This gas service will be available at Chesapeake Utilities Corporation, 350 South Queen Street, Dover, Delaware 19904. Service hereunder is subject to availability of the Company's gas supply, adequate distribution system capabilities and other resources available to and as determined by the Company.

This gas service is subject to interruption, at the Company's option, at any time during the year without notice and for an indefinite period of time. The Company has no obligation whatsoever to make CNG available to any customer and may interrupt service at any time without notice.

TERM

Service under this contract will terminate, with 90 days notice, at the discretion of the Company or the Commission. This notice shall be given by registered letter.

COMMODITY CHARGE (Posted Price)

The price per Ccf of CNG will be posted at the CNG Station on the first day of each month and will be set at the average price for CNG for the central Atlantic region as published by the U.S. Department of Energy in its most recent Clean Cities Alternative Fuel Price Report or its successor publication, plus any applicable tax imposed by any governmental entity on natural gas sales or CNG sales.

The price charged to any customer will be reduced from the posted price to the extent the posted price includes a tax or taxes imposed by any governmental entity on natural gas sales or CNG sales and the customer is exempt from such tax or taxes.

If the customer is exempt from federal or state taxes imposed with respect to sales of CNG for motor vehicle use, the price charged to the customer will be reduced from the posted price by the tax or taxes on CNG from which the customer is exempt.

In no event will CNG be sold if the price as determined above is below the price level established for Company-Use Gas.
